

**REMARKS**

Reconsideration is requested.

The Examiner's indication that claims 4-12 contain allowable subject matter is acknowledged. Claim 3 has been amended to add the limitations of claim 4 and is therefore allowable. Claims 5 and 10 have been amended so as not to depend on a cancelled claim. Claims 10 and 11 have been amended for increased definiteness. As claims 5-12 depend on claim 3, they too are allowable.

Claim 23 is similar to claim 12 written in independent form and reworded, but omits the antenna of claim 4 and adds a conductive strip coupling two batteries in series. Claim 23 is believed to be allowable. As claims 24-29 depend on claim 23, they too are allowable.

New claims 31-37 have been added, and favorable consideration is requested.

In view of the foregoing, allowance of claims 3, 5-12, and 23-37 is requested.

The undersigned is available for telephone consultation at any time if such would facilitate prosecution of this application.

Respectfully submitted,
